USDA ORGANIC. Limited production.

No antibiotics ever. No added hormones. Raised on family farms. Not restrained in gestation farrowing crates.

Our certified organic 100% Ibérico pigs are born in family farms which soils are herbicides and pesticide free.

From birth to harvest, they must be raised in a humane and ethical way. They are free range and have never had antibiotics or hormones.

Jamón de bellota 100% Ibérico comes from the iconic “pata negra” Ibérico pig, who roam free and feast on acorns (bellota) scattered around the pastureland of Western Spain.

During the Montanera season (from October through February), this pig doubles its weight eating acorns, making it the finest and most prestigious meat in the world.

Cured for 36 months using **artisanal methods** in La Alberca, Spain, a **Natural Reserve** declared a World Heritage.
